

Public Notice

The Town of Eagar received a Grant from the Water Infrastructure Finance Authority of Arizona to do an inspection and design for the rehabilitation of the three steel water tanks located South of 12th St. From October 4, 2016 to October 10, 2016 the 1 million gallon tank will be out of service for inspection and sanitizing. We ask that during this time you be conscious of your water use and conserve where you can. Once the tank is refilled we ask that if you have any issues with water at your home or business that you contact us as soon as possible so Public Works can address the issue. Thank you for your patience and cooperation as we maintain the Town of Eagar's water system.
